**NOTICE OF PROPOSED RULE MAKING**

By the Chief, Allocations Branch:

1. The Allocations Branch has before it a petition for rule making filed on behalf of Root Communications License Company, L.P. ("Petitioner"), licensee of Station WMXZ(FM), Channel 276C2, De Funiak Springs, Florida. Petitioner seeks to amend the FM Table of Allotments by reallocating Channel 276C2 from De Funiak Springs to Valparaiso, Florida, and modifying Station WMXZ's authorization accordingly.

2. Petitioner seeks to invoke the provisions of Section 1.420(i) of the Commission's rules which permits the modification of a station's authorization to specify a new community of license without affording other interested parties an opportunity to file competing expressions of interest.<sup>1</sup> In support of its proposal, Petitioner explains that the requested reallocation from De Funiak Springs to Valparaiso is mutually exclusive with Station WMXZ's existing authorization.

3. Petitioner asserts that the adoption of its proposal will result in a preferential arrangement of allotments consistent with the Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1982),<sup>2</sup> by providing Valparaiso (population 6,408)<sup>3</sup> with its first

<sup>1</sup> See Modification of FM and TV Authorizations to Specify a New Community of License, 4 FCC Rcd 4870 (1989), recon. granted in part, 5 FCC Rcd 7094 (1990).

<sup>2</sup> The allotment priorities are: (1) first full-time aural service; (2) second full-time aural service; (3) first local service and (4) other public interest matters [co-equal weight is given to priorities (2) and (3)].

<sup>3</sup> Population figures for Valparaiso and De Funiak Springs are taken from the 2000 U.S. Census. Valparaiso is an incorporated city that has its own local government and provides its residents with extensive municipal services.

local FM transmission service.<sup>4</sup> We note that the reallocation of Channel 276C2 to Valparaiso would not deprive De Funiak Springs (population 5,089) of its sole local transmission outlet, because De Funiak Springs would continue to be served by AM Stations WGTX and WZEP, as well as noncommercial educational FM Station WAKJ. Since Petitioner intends to utilize its present transmitter site for the reallocation of Channel 276C2 to Valparaiso, there are no gain or loss areas associated with this proposal.<sup>5</sup>

4. Since Petitioner's reallocation request is consistent with the provisions of Section 1.420(i) of the Commission's Rules, we shall propose to modify the authorization of Station WMXZ without entertaining competing expressions of interest in the use of Channel 276C2 at Valparaiso, Florida, or requiring Petitioner to demonstrate the availability of an additional equivalent channel for use by other parties.

5. Channel 276C2 can be allotted to Valparaiso, Florida, consistent with the technical requirements of the Commission's Rules, at Petitioner's specified site, utilizing coordinates 30-30-53 NL and 86-13-12 WL.

6. Accordingly, we seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to the communities listed below, as follows:

<u>Channel Nos.</u>		
<u>City</u>	<u>Present</u>	<u>Proposed</u>
De Funiak Springs, Florida	276C2	-----
Valparaiso, Florida	-----	276C2

7. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

<sup>4</sup> Petitioner asserts that Valparaiso-Niceville is the community of license for AM broadcast Station WFSH.

<sup>5</sup> Petitioner's 70 dBu contour presently covers 53 percent of the Fort Walton Beach, Florida, Urbanized Area and will continue to provide the same coverage when its city of license is changed to Valparaiso. Further, Petitioner is not proposing to provide a first local transmission service to Valparaiso. Therefore, Petitioner need not provide a showing of Valparaiso's independence from Fort Walton Beach pursuant to the standards set forth in Faye and Richard Tuck, 3 FCC Rcd 5374 (1988).

8. Interested parties may file comments on or before May 13, 2002, and reply comments on or before May 28, 2002, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Federal Communications Commission, Office of the Secretary, 445 Twelfth Street, SW; TW-A325, Washington, D.C. 20554. Additionally, a copy of such comments should be served on Petitioner's counsel, as follows:

9. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment, which has not been served on the petitioner, constitutes an ex parte presentation and shall not be
